WORLD MASTERS ATHLETICS IN COOPERATION WITH THE IAAF

The WMA Stadia Championships to be held in Lyon, France in 2015 will be one of the best championships in the history of WMA. France is one of the powerhouse countries of the world in the sport of track and field and the Rhone-Alpes region, in which the city of Lyon is located, is one of the strongest Athletic Leagues within the French Athletic Federation.

Excellent facilities in the stadiums at Parilly, Bron and Chassieu will accommodate athletes from all over the world. These stadiums have in past years hosted World and European championships in various categories and they will again experience the intensity and thrill of competition in these World Masters Athletics Championships.

The experience of the Local Organising Committee, with strong support from the French Athletic Federation, has ensured that the planning for this championship has been first class in every way. Under the expert guidance of Marcel Ferrari, the President of the LOC, Lyon has been always ahead of schedule in ensuring that the Region would be ready come championship time. Marketing and promotion activities have been successfully presented at every opportunity and there seems little doubt that the level of entries in Lyon have the potential to set new benchmarks for WMA.

On behalf of WMA I take this opportunity to thank Marcel and his competent team for their efforts to date and we wish them every possible success in the countdown to the championships. The release of the entry form is a major point in the preparations and signals that the clock is ticking, so get your entry in and get ready!

WMA also wishes to acknowledge the support given by the French Athletic Federation, the French Masters athletics administrators and athletes and a strong force of Regional officials. The LOC have been able to move forward with confidence that the requirements of organisation and conduct of such a large competition are in hand.

The City of Lyon through its businesses and the people in the general community have also embraced this event and eagerly anticipate the opportunity to show their support. We are sure every one will enjoy their visit to Lyon and in particular their participation in the championships – it will be something special!

My best wishes,

Stanley PERKINS
President

FRENCH ATHLETICS FEDERATION

It is a very great honor for our country to host, in 2015, the world masters championships. The Rhône-Alpes region is a land of athletics. This is clearly demonstrated by the organization of several major competitions on this ground in recent years.

Masters athletics is one of the priorities of our federation. We count more and more adherents of thirty-five and over. Many are followers of road race but we also have many track specialists for whom running, jumping, throwing and walking are still as familiar actions.

I want to take these lines to thank the local organizing committee for these 2015 World Championships, gathered around the Rhône-Alps League. The work of its volunteers deserves to be properly welcomed and it is largely thanks to them that this edition will, I am sure, be remembered.

A big thank you also to all local authorities, whose support is so precious: the Rhône-Alpes region, the Rhône General Council and the city of Lyon. I don't forget of course the cities of Vénissieux, Bron and Chassieu which will be competition venues and are already working hard to ensure the success of this event.

I'll conclude by congratulating all the athletes who, by filling this entry form, will start the count-down of these world championships. Know that Lyon and more generally the Rhône-Alpes region are places to live, filled with areas to visit and great food to enjoy. Do not hesitate to extend your stay here after the competition. You will not regret it!

Long live the Masters Athletics!

Bernard AMSALEM
Président

RHÔNE-ALPES ATHLETICS LEAGUE

The Rhône-Alpes Athletics League are proud to house the organization of the XXI World Masters Athletics Championships which they dedicate to the memory of their Olympic Champion Pierre QUINON.

The Local Organizing Committee which I have the honor to preside, is supported by the French Athletics Federation, the local and regional authorities like the Rhône-Alpes region, the Rhône General Council, the Agglomeration of Lyon, the cities of Bron, Chassieu, Lyon and Vénissieux and the State. Many private partners are willing to contribute to the organization.

The Rhône-Alpes Athletics League can count on the Rhône Athletics departmental Committee and its clubs as well as all the regional Athletics, very experienced in organizing at a national, European and world level.

The championships will be held on 4 quality sites that have already proven their ability to host major athletic events.

The LOC strives to make your stay (accommodation, catering, transport, sports ...) both enjoyable and memorable, and suitable for athletic performance.

We expect many of you to attend these XXI World Masters Athletics Championships so they be the largest and most beautiful ever held; we are working on it.

We will show us worthy of the trust given to us by granting us this organization.

Welcome to France and to Rhône-Alpes,
Welcome to Lyon, Capital of art of living!

Marcel FERRARI
President

PIERRE QUINON A star in the sky

Olympic Champion in Pole Vault - Los Angeles, 1984

« The city of Lyon is well organized to host these championships. There is a know-how with 700 trained officials. Lyon also has all the required facilities. There is nothing to create, only complete. I am touched to be the ambassador of this project and happy to go to Sacramento to defend Lyon's bid. » (extract from the brochure presenting the application of Lyon 2015 in July 2011).

Pierre Quinon had long left athletics, but this endearing athlete had left a strong impression in the world of sports and athletics in particular.

Born in Lyon, the Rhône-Alpes Athletics league wished he was the spokesman of the World Masters in Lyon. Pierre had agreed and strongly committed in the support of the application of Lyon.

His presence in Sacramento raised a wave of sympathy and recognition. He was very proud and surprised by the enthusiasm he aroused around him and he readily submitted to the play of autographs and photos.

Lyon's bid was won thanks in part to his participation and his speech at the presentation of the project to the WMA representatives.

But a few weeks later, Pierre Quinon went away and left athletics and the organization of the XX1st World Masters Athletics Championships ... orphans.

The organization of the championships has decided, in order to pay tribute to his memory, that the pole vaulter would be the common thread of the event and the organization.

General Rules

The competition will be held under IAAF regulations as modified for Masters by WMA via their handbook and any special rules specified in this invitation.

Entry System

WMA requires that the WMA National Masters Affiliate validates electronically all entries on the online entry system. Affiliates will be requested to identify the specific individual who will be given the online identity code to validate the entries for processing to the LOC.

The National Masters Affiliate will validate all the entry electronically, inputting any paper entries from their athletes so they are all electronically sent to the Local Organizing Committee (LOC). Individual entries will only be accepted subject to the approval of the WMA Council, through the WMA Secretary where there is no affiliated organization, or the affiliate fails to fulfill its obligation.

All athletes date of birth must be validated by the athletes National Masters Affiliate. New entrants in a WMA Championships must be validated by a copy of the entrant's birth certificate with a passport or identity card as evidence for the date of birth, and confirmed by the Affiliate. Affiliates must also confirm any change of Citizenship or residential qualification.

All persons receiving a credential of any kind must present a passport or a government issued identification with picture included, to pick up their credential when they arrive in Lyon. There will be no charges for Team managers, Medical Teams, Press and Media granted accreditation by WMA/LOC

VISA

France being a member of the Schengen area, nationals of the countries that have signed the Schengen Agreement can cross the internal borders without further formalities. A valid ID card is nevertheless mandatory. For countries not members of the Schengen area, a visa application must be made by their nationals to the French Embassy or Consulate. In some cases, the application must be submitted to the embassy/consulate of another Schengen country or a private agency. Please note that the visa application is not free.

TRANSPORTATION TOURISM

MOVE QUICKLY AND EASILY EVERYWHERE !

Lyon and its surroundings are easy to reach thanks to a well developed transport network which is connected to highways and to the international airport linked to many countries.

25 kilometers away from Lyon downtown, the St Exupery airport is the node of all regional transport means. A train connects the airport and the city center every 20 minutes.

A large network of transport links all stages of competition and training. In addition, regular shuttles will provide the links between the three stages of competition.

GET AWAY AND DISCOVER THE FRENCH HERITAGE IN LYON !

« Lyon - City of Light »

At the crossing of the European ways, in the middle of the Rhône-Alpes Region, discover a site and its 2000 years of history which belongs to the UNESCO world heritage.

With the museums, the archeological sites, the narrow streets in the «Old Lyon», the former quartet of the silk or the fashion shops, the city of Lyon will offer you its best during your wandering whether it be by walking, in the underground or by using the public bikes.

The Rhône-Alpes Region

Proud of its 8 natural parks and its wonderful sites such as the Mont Blanc and the canyons of the Ardeche, the Rhône-Alpes Region is offering a complete assortment of landscapes : mountains, lakes, vineyards, lavender fields or olive groves.

SLEEP AND EAT WHERE YOU WANT, ACCORDING TO YOUR WISH AND YOUR BUDGET !

Accommodation

With more than 15,000 hotel rooms, 800 rooms in residence halls, about 30 camp sites and B&B, Lyon and its surroundings offers a wide range of price levels and comfort.

The gastronomy

With over 1,600 restaurants, gastronomy is well represented in Lyon. From the tiny typical «Bouchon», to the gourmet restaurant, through speciality, biological and vegetarian restaurants, gourmets will be satisfied.

The gastronomy of Lyon is well known, but we will not forget our competitors : varied and appropriate menus will be available every day on the campus of the main venue, the Stade du Rhône.
