Welcome Messages

We extend our sincere welcome to all Masters Athletes, Officials, and WMA Executives from around the world visiting Daegu.

It is a great pleasure to host the World Masters Athletics Championships here in Daegu again, following the 2017 event. The Daegu Metropolitan City successfully hosted the 2011 World Athletics Championships and was officially designated by World Athletics (WA) as the World Athletics City.

Since then, we have continuously strived for the development of athletics and the nurturing of specialized athletics professionals through efforts such as the establishment of the Athletics Promotion Center and the hosting of the 2017 Daegu World Masters Indoor Athletics Championships. Furthermore, by hosting various international events, including securing the bid for the 2027 World Shooting Championships, we are leaping beyond 'International Athletics City Daegu' to become 'International Sports City Daegu'.

Building on the experience of successfully hosting the 2017 championships, we will do our utmost, together with the WMA, to ensure the 2026 Daegu World Masters Athletics Championships will be remembered as the greatest Championships that writes a new chapter in the history of Masters Athletics.

We hope all athletes competing in the 2026 Daegu World Masters Athletics Championships will fully demonstrate the skills and thoroughly enjoy this event, allowing everyone to unite, transcending borders, race, religion, and language.

Additionally, we encourage you to experience the charm of Daegu, the 2026 host city, where nature and tradition, past and present, harmoniously converge.

Discover our ancient history and heritage at traditional landmarks throughout the city center, where various cultural performances and festivals unfold. We also hope you visit the tourist attractions where the future of Daegu is taking shape, taking time to comfort your mind and body and re-energize after all your hard training.

Together with the 2.4 million citizens of Daegu, we once again extend our warmest welcome to you all, and we wish every athlete great success.

Thank you.

Daegu Metropolitan City ("Daegu City"), located in the southeastern part of Korea, blends rich history, culture, and traditions with advanced high-tech industries. During the Joseon Dynasty (1392-1897), Daegu City served as a key center of politics, economy, and administration among cities in Korea.

Since then, its textile industry and commerce have continued to flourish, establishing Daegu City as a major hub. Building upon its rich traditions, Daegu City is now steadily emerging as a sustainable city by embracing future-oriented high tech industries including robotics and artificial intelligence.

Designated by the International Energy Agency ("IEA") as a "Solar City", Daegu is recognized as an eco friendly and clean city, as well as the world's second World Athletics City. The Daegu host city of the 2011 WA Championships and the 2017 World Masters Athletics Indoor Championships, and other major events, has successfully established itself as an athletics city, supported by strong infrastructure and the public spirit.

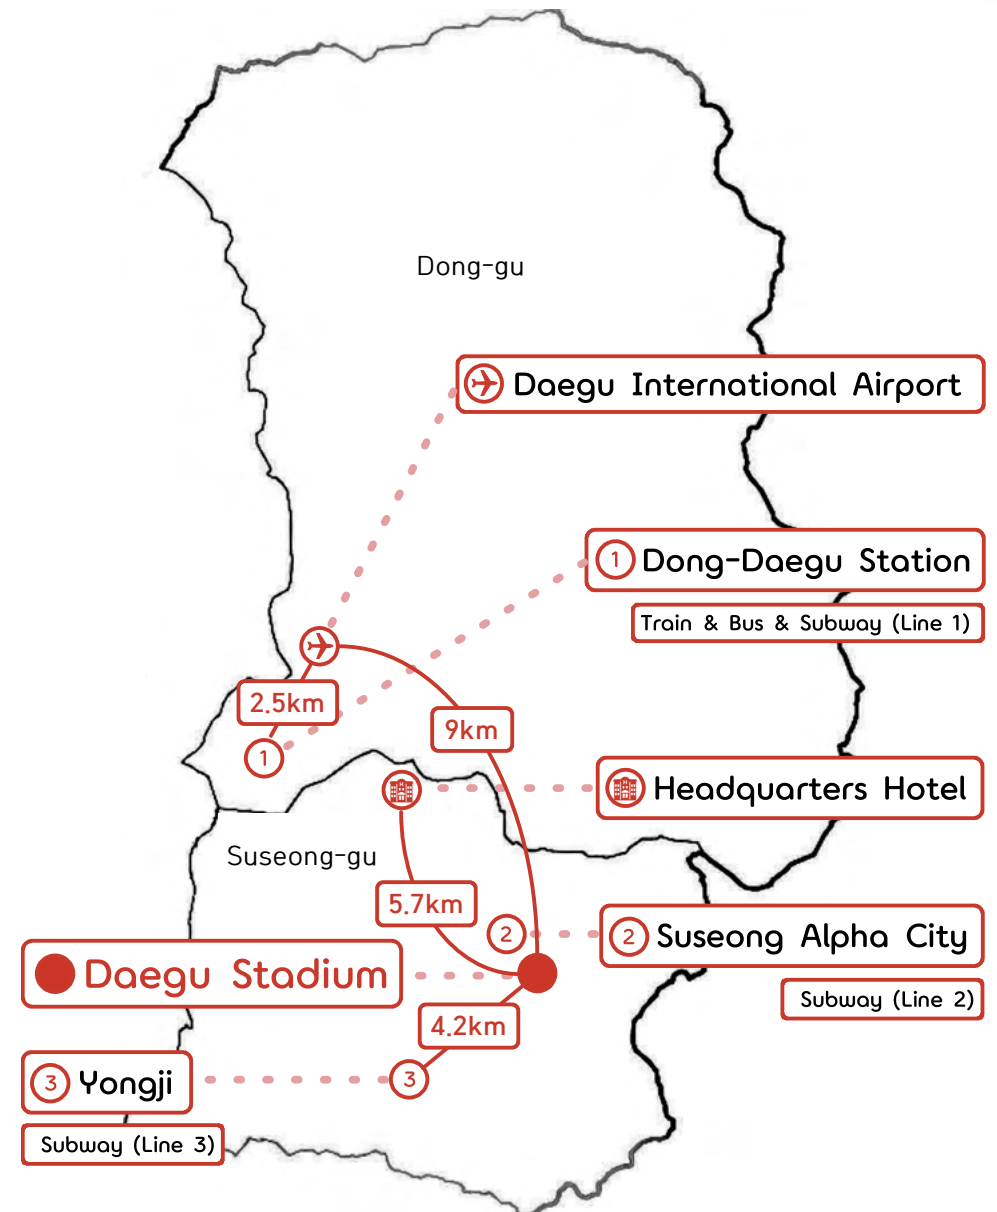

We invite you to explore the rich cultural heritage of Daegu City. Discover the true spirit of the city at Donghwas Temple, Bullo-dong Tumuli, Gukchae-bosang Memorial Park, and many other places. Take a stroll through Modern Cultural Alley, a living museum that vividly captures Korea's most turbulent years, from the colonial era to its liberation. Experience modern art and science together at Kansong Art Museum Daegu, Daegu Art Museum, National Daegu Science Museum, Textile Museum, and more.

Beyond its many attractions, Daegu City is home to the "10 Flavors of Daegu," a celebration of the city's culinary heritage, featuring local specialties such as Ddaro Gukbap (Daegu style soup with rice), Jjim Galbi (steamed short ribs), and the vibrant street foods of Seomun Night Market flavors that will stay with you long after your visit. Getting here is easy, thanks to Daegu's excellent transportation and world class infrastructure.

We warmly welcome masters, families, and friends to the 2026 World Masters Athletics Championships in Daegu City. Together, let us create unforgettable memories, celebrating sports, culture, tradition, and the future in harmony.

The registration deadline is 23 June 2026. No registrations will be accepted after the registration deadline.

2. Validation

All registrations are subject to validation by each athlete's National Organization. National Organizations will confirm the athlete's date of birth, citizenship and/or residential qualifications, and other relevant requirements. After an athlete's registration has been validated, its status will display as "accepted" on the list of registrations on the Championships website. National Organizations may also reject registrations of athletes whom they consider ineligible or who do not meet their requirements.

Validation is a manual process that each National Organization completes, so there will be some time (days or weeks) between when an athlete submits their registration and when it is validated. Athletes who have questions about the status of their registration or about the requirements for their country should contact their National Organization. For athletes who represent a country that is not a WMA Member Country, their registrations will be subject to the approval of the WMA Council.

3. Confirmation/Declaration

Athletes must complete the confirmation/declaration process to confirm whether or not they will participate in their events (confirm or scratch). This process begins a few days before the start of the Championships. The Championships website and the Competition Handbook will provide details about the confirmation/declaration process, including applicable deadlines.

● Online Registration Procedure

1. Complete the online registration form prior to the registration deadline
2. Submit payment by credit card (Visa or Mastercard) at the end of the registration process
3. Save and/or print the confirmation screen for your records
4. Send a copy of your birth certificate to your National Organization for validation purposes if you have not already done so in the past, and meet any other requirements set forth by your National Organization
5. Your National Organization will complete the validation process for your registration

● Paper Registration Procedure

1. Contact your National Organization to request a paper registration form
2. Confirm the latest date required by your National Organization for submission of your paper registration. NB: Your National Organization MUST input your registration and payment into the online entry system prior to the registration deadline
3. Complete the registration form and make a copy for your records
4. Send the completed registration form and all registration fees to your National Organization prior to the registration deadline (do not send paper registration forms directly to the LOC). NB: Paper registrations sent to your National Organization for processing MUST include all registration fees
5. Send a copy of your birth certificate to your National Organization for validation purposes if you have not already done so in the past, and meet any other requirements set forth by your National Organization
6. Your National Organization will submit your registration, pay on your behalf, and complete the validation process for your registration

○ National Organization Requirements

WMA requires that each National Organization validate all of its country's registrations electronically via the online entry system. WMA will accept only those athletes whose registrations have been validated by National Organizations. Each National Organization must also input any paper registrations it receives from its athletes into the online entry system. Payment is required at the time the registrations are submitted. If for some reason a National Organization is unable to pay online, it must request an exemption from WMA. If the exemption is granted, the National Organization will be provided with details about how to pay offline. The National Organization will still be required to input paper registrations into the online entry system and to validate its registrations electronically. All registrations must be submitted online and paid before 23 June 2026. Any registrations for which WMA has not received payment by this deadline will be canceled, and those athletes will be ineligible to compete. No exceptions will be allowed. In addition, all registrations must be validated before 30 June 2026. Any registrations that have not been validated by this deadline may be rejected, and those athletes will be ineligible to compete.

National Organizations will receive communications regarding the entry process prior to the start of registration. National Organizations that do not receive these communications should contact the WMA Secretary.

■ Athlete's Consents

NOTE : Any person who will be accepting these terms on behalf of an athlete must first obtain written consent to do so from such athlete and must present such written consent to WMA or its designees upon request. Failure to do so may result in denial of the athlete's participation in the event.

○ Agreement, Consent, and Release

World Masters Athletics ("WMA") has sanctioned The Local Organizing Committee of the World Masters Athletics Championships Daegu 2026 ("LOC") to conduct the 2026 World Masters Athletics Championships Stadia ("WMA Championships") in Daegu, South Korea ("Host Country"), during 22 August to 3 September 2026.

I hereby apply for entry to the WMA Championships on the following terms and conditions which form a binding agreement between WMA, the LOC, and me.

1. I will abide by the WMA Competition Rules and World Athletics rules and regulations, as modified for the WMA Championships by WMA, and any special rules specified for this competition that will be outlined on the WMA Championships website.
2. I understand that my registration is subject to validation by the national masters athletics organization that is affiliated with WMA ("National Organization") of the country I have chosen to represent during the WMA Championships. I understand and agree that I must meet the requirements of WMA and my National Organization in order to be eligible to participate in the WMA Championships, and I further understand that it is my responsibility to ensure that I understand all the requirements prior to registering for the WMA Championships. I understand that my National Organization will review my registration, evaluate all requirements, and either accept or reject my registration. I understand and agree that having my registration accepted by my National Organization is one of the required conditions necessary to participate in the WMA Championships, and I further understand and agree that I am ineligible to participate in the WMA Championships if my National Organization or WMA rejects my registration. I agree to provide to my National Organization and WMA all details and documents that they require for the validation process.

3. I represent that I am a bona fide athletics competitor. I am physically and mentally fit to compete in the WMA Championships safely and without causing injury to myself or other participants in the WMA Championships.
4. I agree and consent to accept medical treatment from authorised medical personnel or agents of the LOC or WMA in the event that I am injured or otherwise become ill or incapacitated during the WMA Championships. If any medical treatment or services require payment of fees, I understand that I am responsible for all such fees and agree to pay them.
5. Participation in the WMA Championships and related activities ("Activities") has foreseeable and unforeseeable inherent risks, hazards, and dangers that no amount of care, caution, or expertise can eliminate, including without limitation, the potential for serious bodily injury, sickness, disease, contagion, permanent disability, paralysis, and loss of life. I understand and acknowledge that there are risks, dangers, and hazards inherent in the Activities ("Risks"), and I expressly and voluntarily assume the Risks and the responsibilities for any damages, liabilities, and losses, including loss of income, expenses, or any other related losses arising from the Risks as a result of my participation in the Activities.
6. In consideration of WMA and the LOC permitting me to participate in the WMA Championships, I agree to indemnify, hold harmless, and release WMA and the LOC, including their directors, officers, employees, contractors, sponsors, servants, agents, officials, and volunteers, as well as all persons, corporations, and organisations involved or otherwise engaged in promoting or staging the WMA Championships, from and against any injury, loss, damage, liability, cost, expense, demand, claim, or action that I may suffer or incur, including as a result of negligence, breach of statutory duty, or any act or omission, arising out of, or in connection with, my participation in the Activities.
7. I consent to photographs and video footage being taken of me in connection with the WMA Championships. I agree and acknowledge that the photographs and video footage are owned by WMA and/or the LOC and that those parties may use the photographs and video footage for promotional or other purposes without obtaining my further consent. I also consent to those parties using my name, image, voice, likeness, and performance in the WMA Championships to promote and publicise current and future WMA championships or other endeavours, without compensation.

○ Cancellation and Refund Policy

I agree that the service provided in exchange for payment is registration, not participation, and I agree that the registration service will be considered delivered upon delivery of the confirmation screen or confirmation e-mail. I understand and agree that there are no refunds for any reason.

○ Drug Testing and Gender Eligibility

I acknowledge that drug testing will be conducted under the WMA/World Athletics anti-doping rules and regulations as governed by the World Anti-Doping Agency code (the "Code") and hereby consent to all drug testing requirements at the WMA Championships. I acknowledge that any use of a prohibited substance and/or method as defined in the Code necessitates that I apply for a therapeutic use exemption ("TUE") at least 30 days prior to the start of the WMA Championships and in accordance with the procedures set forth on the WMA website: <https://world-masters-athletics.org/anti-doping/>. I acknowledge that if a TUE is denied, continued use of the prohibited substance(s) and/or method(s) may result in a penalty. I acknowledge that no other medical certificate(s) will be accepted in substitution for a TUE issued by WMA. If I am granted a TUE, I acknowledge that it, along with proof of identification, must be produced at the time of testing if I am selected for a drug test. Details of prohibited substances and methods and all anti-doping procedures are available on the World Athletics website (www.worldathletics.org) and the WMA website (www.world-masters-athletics.org). The WMA Championships' competition handbook will also contain details of the anti-doping procedures to be undertaken during the WMA Championships. I further acknowledge that it is my responsibility to meet current World Athletics rules and regulations governing gender eligibility and hereby declare that I meet all such requirements.

○ Travel Visa Acknowledgment

I have reviewed the travel visa requirements, including the expected visa wait times, and I understand that I must apply for a visa well in advance. In addition, I understand that my National Organization must validate and approve my registration before I can request an invitation letter, which will add additional time, and I further understand that the decision and time frame for such validation depends on my National Organization. I acknowledge and agree that there are no refunds of any fees due to the time it takes or rejection during the processes for validation, request for invitation letter, or travel visa application, or due to any other reason.
